- **Checked 2026-10-19:** OAPEN answers scripted requests with an "Anubis" proof-of-work bot check (the site explicitly asks automated clients not to scrape), and degruyterbrill.com returned an empty body. **Not downloaded; download it in a browser.** If saved, keep the PDF here (gitignored as a binary; the licence allows non-commercial sharing without changes).
- **Why it matters:** the standard modern study of the debate genre (structure, the opening formulas, the insult and boast speeches, the verdict); it quotes and translates the key passages of Bird and Fish (5.3.5), Grain and Sheep (5.3.2), Hoe and Plough, Summer and Winter, etc. It would be the rank-3/4 check for `סיפורי-הבריאה-המסופוטמיים/3-הציפור-והדג/` and for G&S in project 2.
