Bugge 1867 – *Sæmundar Edda* (Old Norse)

- **What:** Sophus Bugge, *Norrœn fornkvæði … Sæmundar Edda hins fróða* (Christiania 1867): the Poetic Edda in the
  orthography of the Codex Regius (GKS 2365 4to, c. 1270), as digitized by Tor Gjerde at etext.old.no.
- **URL:** http://etext.old.no/Bugge/hymis.html (Hýmiskviða; the index: http://etext.old.no/Bugge/).
- **Licence:** public domain (1867) – committed.
- **Retrieved:** 2026-10-23 (Round 4 run 1, the fifth-day dossier).
- **What is here:** `hymis.html` – Hýmiskviða, 39 stanzas, half-lines one per line. Used for stanzas 22–24
  (`dossier_tools.py data HY`, labels `<stanza>.<half-line>`).
- **Line numbering:** stanza numbers as Bugge; half-lines counted within the stanza.
- **Usefulness:** good: a diplomatic-style text (*a*, ǫ, þ, the manuscript's spellings); normalize in the פירוק.
