Thureau-Dangin 1905 and 1907 — the Gudea Cylinders (OCR)

- **Works:** F. Thureau-Dangin, *Les cylindres de Goudéa: transcription, traduction, commentaire, grammaire et lexique* (Paris: Leroux, 1905; archive.org `lescylindresdego01thuruoft`, 135 KB OCR – apparently only part of the volume); F. Thureau-Dangin, *Die sumerischen und akkadischen Königsinschriften* (VAB 1, Leipzig: Hinrichs, 1907; archive.org `diesumerischenun00thuruoft`), which gives the cylinders in transliteration and German translation (pp. 88–141 by the running heads "Cylinder A …", "Cylinder B …"; check the scan).

- **Licence:** public domain (published 1905/1907; the author died 1944). Committed.
- **Files:** `lescylindresdego01thuruoft.djvu.txt`, `diesumerischenun00thuruoft.djvu.txt` (raw OCR, unreliable for diacritics: use the page images on archive.org for anything that matters).
- **Numbering:** column and line as in Edzard 1997 for the well-preserved columns (the columns of A are the same; B's broken columns may differ – align by content).
- **Usefulness:** rank 5 (history of interpretation; old readings, e.g. Thureau-Dangin's early sign values). Also on archive.org: Price 1899 (`greatcylinderins01pricuoft`, `…02…`; old, not downloaded).
